Dear Velma and Staff:

On behalf of the Wallace family we want to thank you for all of the care you administered to our mother, Enid, for the fifteen months she lived at Sierra Vista. Our mother was very happy living in your home. Having left a previous facility in Florida where she was very upset on a daily basis she found your environment to be calming, caring and had activities to keep her occupied as best as she could function. I asked her many times if she was happy and she always said she was. She especially liked to attend the music and dance presentations and enjoyed the parties a lot. The small size of Sierra Vista and the fabulous staff really made this the perfect residence for our mother.

When we were searching for a quality home for our mother, Sierra Vista stood out as being the superior to all of the others which accommodate those with Alzheimer's Disease.

Thank you again for making our mother's final home a happy one.

Yours truly,

Gary Wallace
